

## EPISODE 38: SHOW NOTES AND ACTION ITEMS

In today's interview, we heard from Justin Manley, the President of Just Innovation, Inc. Justin mentioned the *Marine Technology Society* that engages on a number of initiatives to assist in workforce development at all levels of the industry. MTS also provides opportunities for its Early Career Ocean Professionals (ECOP) community to advance their careers through capacity development and training. For more information visit [their website](#).

Justin also works closely with two centers that provide resources, competitions, and professional development opportunities. They are the Marine Advanced Technology Education ([MATE](#)) center, and the [National Center for Autonomous Technologies \(NCAT\)](#).

Your task today is to learn more about the "blue economy." Explore the resources in these links about how technicians can transfer skills from many other industries to ocean tech.

You can also hear more from Justin about this industry in our recent article, [Technician Opportunities Abound in Ocean Economy](#).
